Background SOUTH BALTIC TRANSPORT LOOPS Project

KLTC-KSRC

Four ports (Elblag, Mukran, Karlshamn, Roenne) and one research institute (Klaipeda Shipping Research Centre) are working together in the improvement of shipping and logistic solutions in the South Baltic Sea Region and beyond (e.g. “New Silk Road”).

Facts

- 3.75 years project from April 2018 to December 2021
- 5 project partners: Mukran Port (“Lead Partner”), Port of Elblag, Port of Karlshamn, Port of Roenne, Klaipeda Shipping Research Centre
- 5 associated project partners: BREB (Bremer Reederei), Molslinjen, Rosmorport Kaliningrad Branch, Klaipeda State Seaport Authority and Port of Ystad
- Co-funding of the project by the European Regional Development Fund (ERDF)

Main objectives SOUTH BALTIC TRANSPORT LOOPS project

- Development and implementation of new regular shipping links for container, bulk and general cargo
- Development and implementation of new regular links or the major improvement of existing ferry links
- Improvement of intermodal hinterland connectivity to and from ports.
